Subject: Draft docs for SAB on NAMs for review

Good morning.

As you may remember, a few months ago, the Administrator put out a request for SAB topics & I was specifically requested to suggest a NAM topic. Greg & I put forward one on on-going activities related to chronic/cancer testing. This topic was selected & is on the SAB agenda for June 23ish. The paper is written on behalf of the AA-ship, not just OPP.

With a lot of input from our outside collaborators, we've developed a short white paper & charge Qs. Please provide any comments by 4/13 to me.

Thanks
Anna
